Section I: DURASOUND*	1 - 11
Section II: DURAFLEX*	12 - 19
Section III: FASTENERS	20 - 21
Addendum: MEASURING	22

*Folding Partition Models:

DURASOUND™ folding partitions are double wall, dual track, *acoustically rated* partitions.

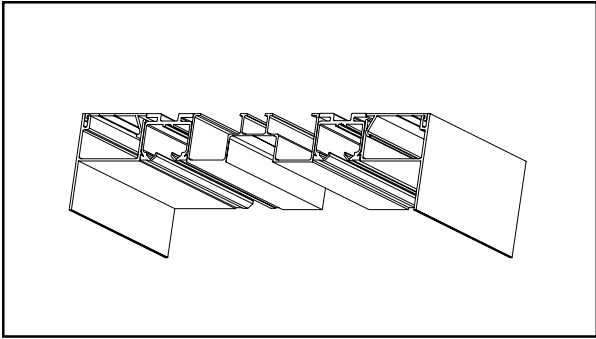

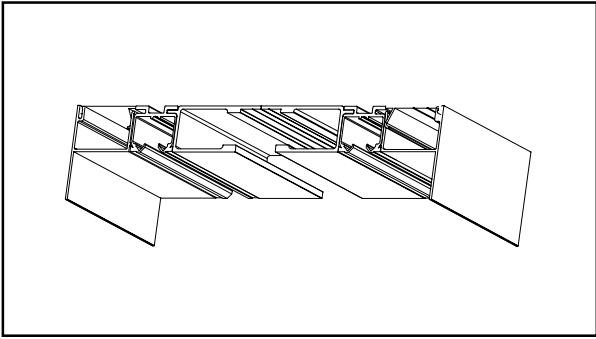

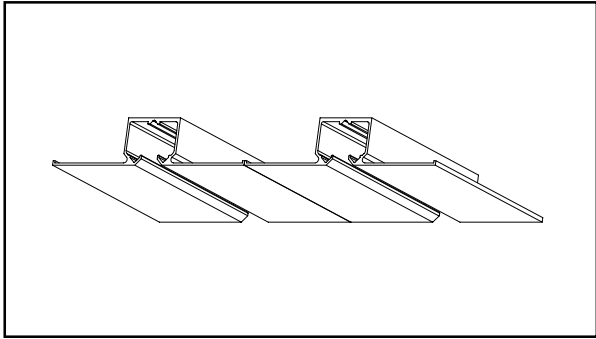

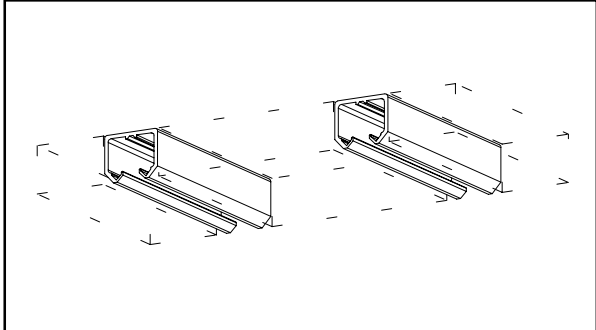

DURAFLEX™ folding partitions are single wall, single track, *non-acoustically* rated partitions.

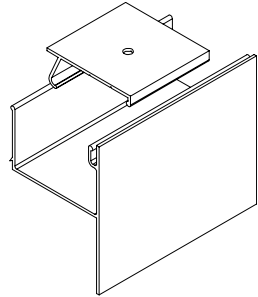

DURASOUND PARTS INDEX

	DESCRIPTION	PAGE #
1	Track and Soffit Assemblies	2-3
2	Leadpost Assemblies	3-4
3	Trolleys	5-6
4	Panel Sections	7
5	Miscellaneous Parts	8-11

Track Assemblies

T-09 Track Assembly w/ Center Spacer	Description	Length	Catalog #
	Assembly includes (2) lengths of white painted aluminum T-09 track, (1) length of white painted aluminum center spacer, (2) lengths of white PVC soffit, and all necessary installation clips and fasteners. Center spacer maintains 6" (o.c.) track spacing. When ordering, specify catalog # and quantity.	7.5 ft. 15 ft.	CN1006 CN1007
T-09 Track Assembly w/ Chain Guide	Description	Length	Catalog #
	Assembly includes (2) lengths of white painted aluminum T-09 track, (2) lengths of white painted aluminum chain guide, (2) lengths of white PVC soffit, and all necessary installation clips and fasteners. Chain guide maintains 8" (o.c.) track spacing and provides track for stabilizer bar trolley. When ordering, specify catalog # and quantity.	7.5 ft. 15 ft.	CN1008 CN1009
T-11 Track Assembly	Description	Length	Catalog #
	Assembly includes (2) lengths of white painted aluminum T-11 track and all necessary fasteners. Tracks are spaced 6" (o.c.). When ordering, specify catalog # and quantity.	7.5 ft. 15 ft.	CN1010 CN1011
T-01 Track Assembly	Description	Length	Catalog #
	Assembly includes (2) lengths of clear anodized T-01 track and all necessary fasteners. Outside trim and center trim is not provided. When ordering, specify catalog # and quantity.	7.5 ft. 15 ft.	CN1014 CN1015

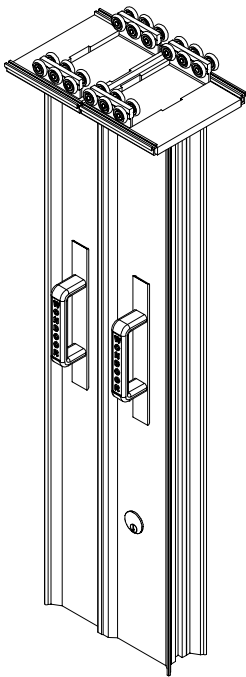

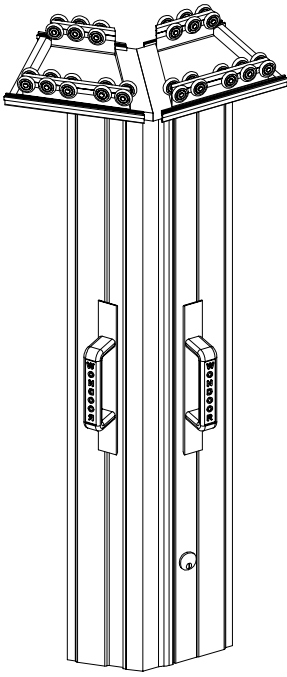

Soffit Assembly, Leadpost Assembly

Soffit Assembly for T-09 Track	Description	Length	Catalog #
	<p>Includes (2) lengths of white PVC soffit, mounting brackets and fasteners. Soffit snaps-on to mounting brackets. Soffit may be ordered in brown or white. Specify color, catalog # and quantity when ordering.</p>		
		Brown 7.5 ft.	CN1093
		Brown 15 ft.	CN1052
		White 7.5 ft.	CN1061
		White 15 ft.	CN1053

Single Parting Lead Post Assembly - manual	Description	Height	Catalog #
	<p>Assembly includes lead post, 6" spaced trolley, latch, top and bottom sweep, and wall-mounted striker post (lock not included). Specify catalog #, color, and lead-post height (pg. 22) when ordering.</p>	Specify	CN1041
	<p>Note: CN1041 leadpost assembly is used on manually operated partitions with 6' (o.c.) spaced track.</p>		
	<p>Assembly includes lead post, 8" (o.c.) spaced trolley, latch (lock not included), top and bottom sweep, and wall-mounted striker post. Specify catalog #, color, and lead-post height (pg. 22) when ordering.</p>	Specify	CN1043
	<p>Note: CN1043 leadpost assembly is used on tall, manually operated partitions with 8" (o.c.) spaced track.</p>		

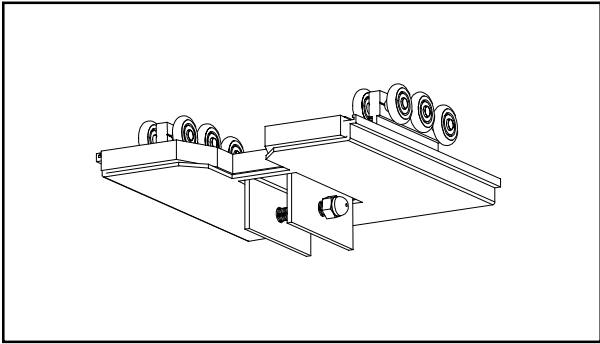

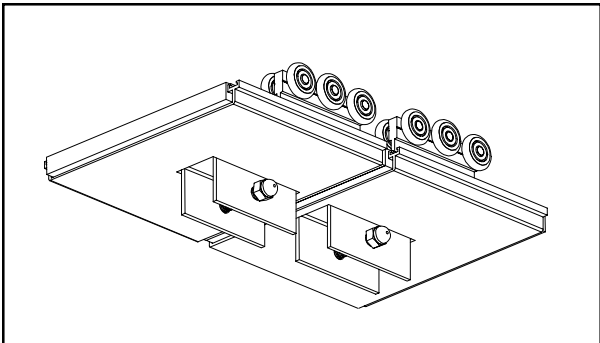

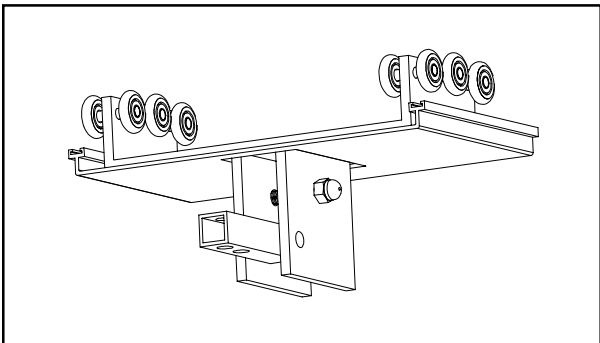

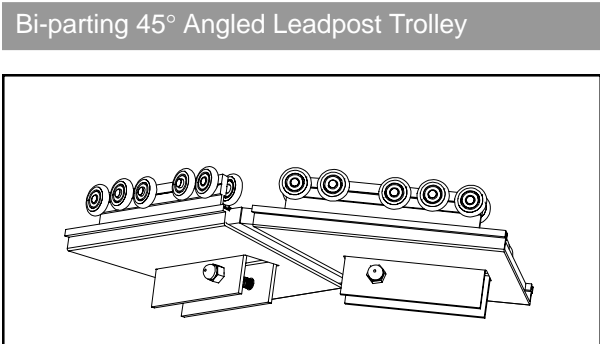

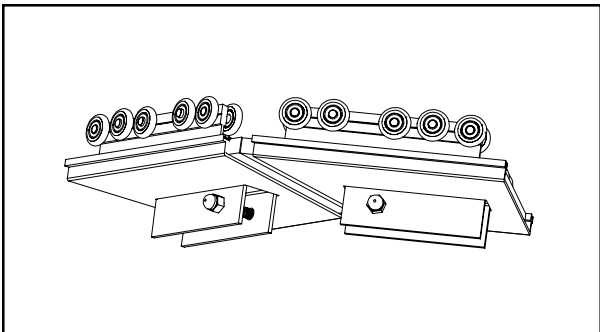

Leadpost Assemblies

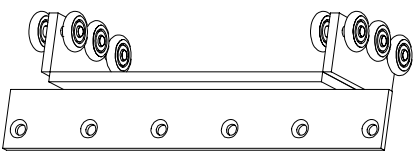

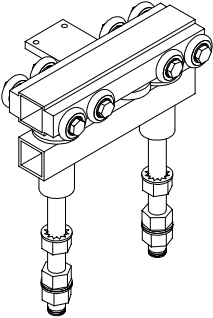

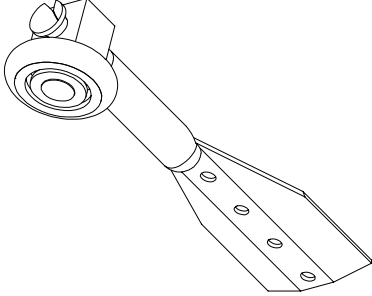

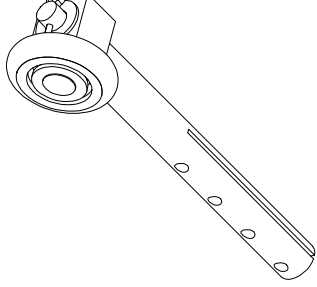

Bi-parting Leadpost Assembly - manual	Description	Height	Catalog #
	<p>Assembly includes a pair of latching lead posts, 6" spaced trolleys, and top and bottom sweeps (lock not included). Specify catalog #, color, and leadpost height (pg. 22) when ordering.</p> <p><i>Note:</i> CN1045 lead post assembly is used on manually operated partitions with 6" (o.c.) spaced tracks (< 12' h).</p>	Specify	CN1045
	<p>Assembly includes a pair of latching lead posts, 8" spaced trolleys, top and bottom sweeps, and lock . Specify catalog #, color, and leadpost height (pg. 22) when ordering.</p> <p><i>Note:</i> CN1047 leadpost assembly is used on tall, manually operated partitions with 8" (o.c.) spaced tracks (> 12' h).</p>	Specify	CN1047
Bi-parting Leadpost Assembly - 45 ° Meeting	Description	Height	Catalog #
	<p>Assembly includes a pair of latching leadposts, 45° angled trolleys, and top and bottom sweep (lock not included). Specify catalog #, color, and leadpost height (see pg. 22) when ordering.</p> <p><i>Note:</i> CN1060 leadpost assembly is used on manually operated partitions meeting at 45° with 6" (o.c.) spaced tracks .</p>	Specify	CN1060

Leadpost Trolleys

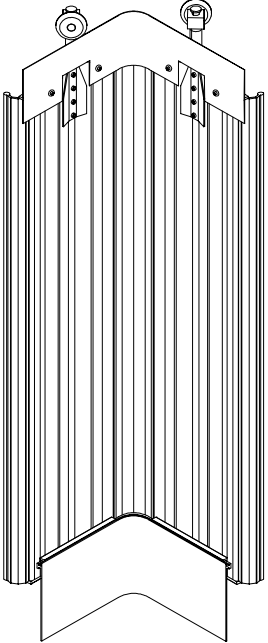

Single parting 6" spaced Leadpost Trolley	Description	Catalog #
	<p>Leadpost trolley for manually operated, single parting partitions with 6" (o.c.) spaced track. Assembly includes trolley and installation hardware. Specify catalog # and quantity when ordering.</p>	<p>CN1018</p>
Bi-parting 6" spaced Leadpost Trolley	Description	Catalog #
	<p>Pair of mating leadpost trolleys for manually operated bi-parting partitions with 6" (o.c.) spaced track. Assembly includes trolley and installation hardware. Specify catalog # and quantity when ordering.</p>	<p>CN1019</p>
Single parting/Bi-parting 8" spaced L.P. Trolley	Description	Catalog #
	<p>Leadpost trolley for manually operated, single parting partitions with 8" (o.c.) spaced tracks. Specify catalog # and quantity when ordering</p>	<p>CN1021</p>
	<p>Pair of mating leadpost trolleys for manually operated, bi-parting partitions with 8" (o.c.) spaced tracks. Specify catalog # and quantity when ordering.</p>	<p>CN1098</p>
Bi-parting 45° Angled Leadpost Trolley	Description	Catalog #
	<p>Leadpost trolley for manually operated bi-parting partitions meeting at 45°. Assembly includes a pair of mating trolleys and installation hardware. Specify catalog # and quantity when ordering.</p>	<p>CN1020</p>

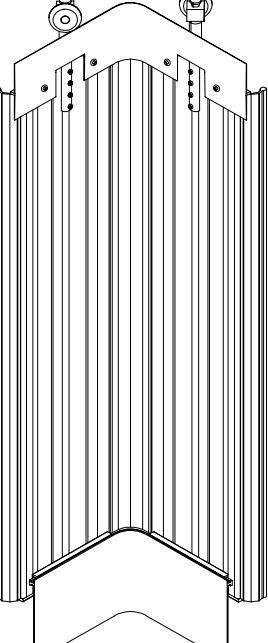

Trolleys

Sliding Jamb Trolley	Description	Catalog #	
	<p>Sliding jamb trolley for 6" (o.c.) spaced tracks. Includes fasteners. When ordering, specify catalog # and quantity.</p>	CN1030	
	<p>Sliding jamb trolley for 8" (o.c.) spaced tracks. Includes fasteners. When ordering, specify catalog # and quantity.</p>	CN1031	
Stabilizer Bar Trolley Kit	Description	Catalog #	
	<p>Trolley kit for stabilizer bar. Includes fasteners. When ordering, specify catalog # and quantity.</p> <p>Note: Stabilizer bars are provided on tall (> 14 ft.) or motorized doors to keep the leadpost plumb during operation.</p>	CN1052	
Panel Trolleys w/ Stamped Pin	Description	Catalog #	
	<p>Each assembly includes mounting fasteners. Pin is black. Packaged in bag of (5) trolleys. Specify catalog #, partition color*, and quantity (# of bags) when ordering.</p> <p>*Note: mounting fasteners are color matched to the partition color, therefore it is necessary to specify panel color.</p>	CN1085	
Panel Trolleys w/ Machined Pin	Description	Pin Color	Catalog #
	<p>Each assembly includes mounting fasteners. Packaged in bag of (5) trolleys. Specify catalog #, pin color, and quantity of bags when ordering.</p>	Almond Black	CN1086 CN1087

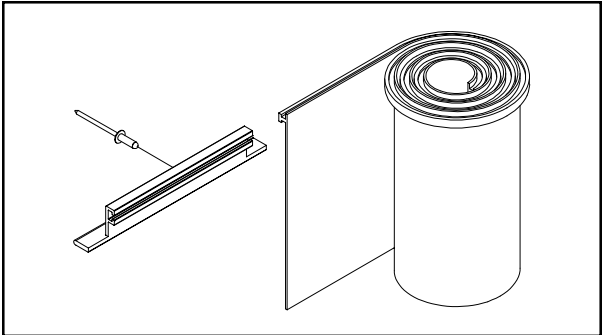

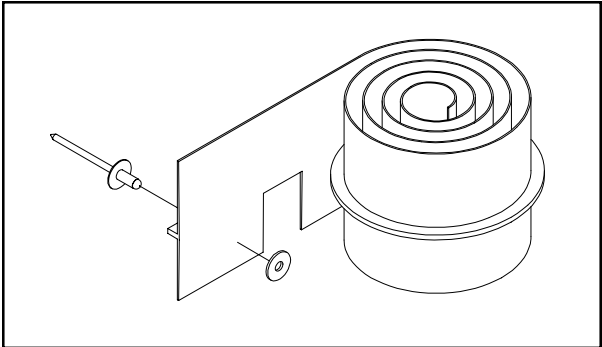

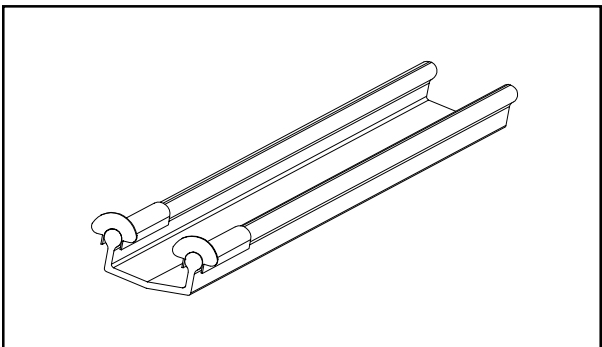

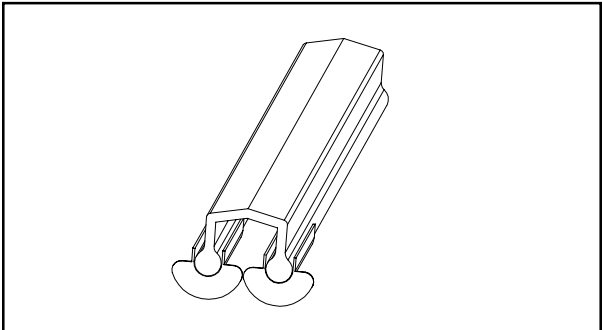

Panel Sections

Panel Section w/ Stamped Pin Trolleys	Description	Height	Catalog #
	<p>Panel sections are manufactured in <i>pairs</i> of panels (as shown) up to 9 pairs (or 18 panels) in a section. Sections are shipped completely assembled and ready to install with panels, hinges, top and bottom sweep, trolleys and fiberglass insulation. When ordering, specify catalog #, panel color, hinge color, number of panel pairs (up to 9 pairs), and panel height (see pg. 22).</p>	Specify	CN1078

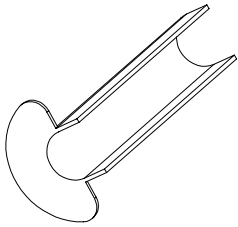

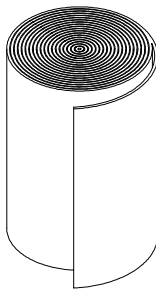

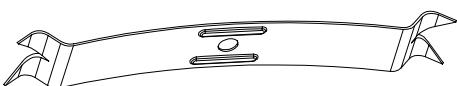

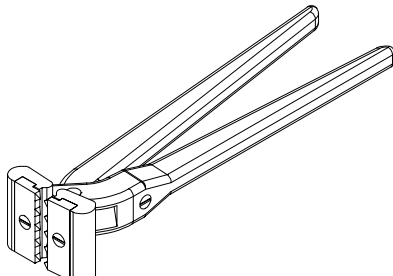

Panel Section w/ Machined Pin Trolleys	Description	Height	Catalog #
	<p>Panel sections are manufactured in <i>pairs</i> of panels (as shown) up to 9 pairs (or 18 panels) in a section. Sections are shipped completely assembled and ready to install with panels, hinges, top and bottom sweep, trolleys and fiberglass insulation. When ordering, specify catalog #, panel color, hinge color, number of panel pairs (up to 9 pairs), and panel height (see pg. 22).</p>	Specify	CN1082

Miscellaneous Parts

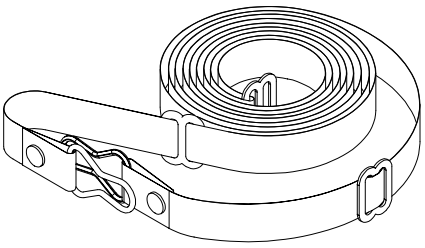

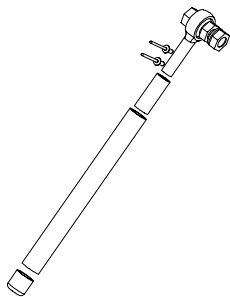

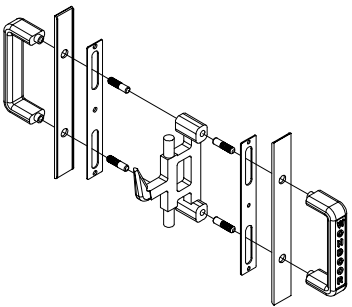

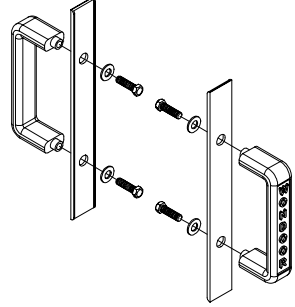

Bottom Sweep	Description	Length	Catalog #
	<p>Roll of black PVC bottom sweep includes pre-installed mounting clips and pop rivets. When ordering, specify catalog #, panel color* and number of rolls.</p> <p>*Note: pop rivets are color matched to the panel color, therefore it is important to specify panel color.</p>	<p>50 ft. 100 ft.</p>	<p>CN1026 CN1028</p>
Top Sweep	Description	Length	Catalog #
	<p>Roll of black PVC top sweep includes pre-installed mounting clips and pop rivets. When ordering, specify catalog #, panel color* and number of rolls.</p> <p>*Note: pop rivets are color matched to the panel color, therefore it is important to specify panel color.</p>	<p>50 ft. 100 ft.</p>	<p>CN1094 CN1095</p>
Full PVC Hinge	Description	Length	Catalog #
	<p>PVC hinge includes mounting clips at top and bottom. When ordering, specify catalog #, quantity, color, and panel length (see pg. 22).</p> <p>Note: full hinge is used to join panels at an “outside” connection.</p>	<p>Specify</p>	<p>CN1091</p>
Narrow PVC Hinge	Description	Length	Catalog #
	<p>PVC hinge includes mounting clips at top and bottom. When ordering, specify catalog #, quantity, color, and panel length (see pg. 22).</p> <p>Note: narrow hinge is used to join panels at an “inside” connection.</p>	<p>Specify</p>	<p>CN1092</p>

Miscellaneous Parts

Hinge Installation Clips	Description	Catalog #	
	<p>Used to secure PVC hinges in place. Packaged in bag of (100) zinc plated clips. When ordering, specify catalog # and quantity of bags.</p> <p>Note: clips must be installed using hinge clip crimping tool. (see catalog # CN1077).</p>	<p>CN1075</p>	
Fiberglass Insulation	Description	Dimen.	Catalog #
	<p>Roll of approximately 800 sq. ft. of aluminum-foil backed fiberglass. Includes 800 liner installation clips. When ordering, specify catalog # and quantity of rolls.</p>	<p>4 ft.(W) x 200 ft.(L)</p>	<p>CN1096</p>
Liner Installation Clips	Description	Catalog #	
	<p>Used to install fiberglass insulation. Packaged in bag of (25) plated clips. When ordering, specify catalog # and quantity of bags.</p>	<p>CN1097</p>	
Hinge Clip Crimping Tool	Description	Catalog #	
	<p>Tool comes with a bag of (100) hinge installation clips. When ordering, specify catalog # and quantity.</p>	<p>CN1077</p>	

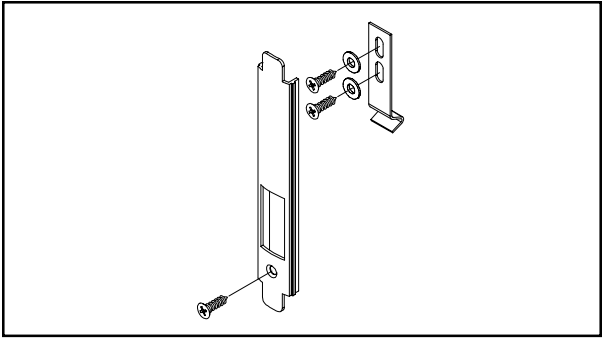

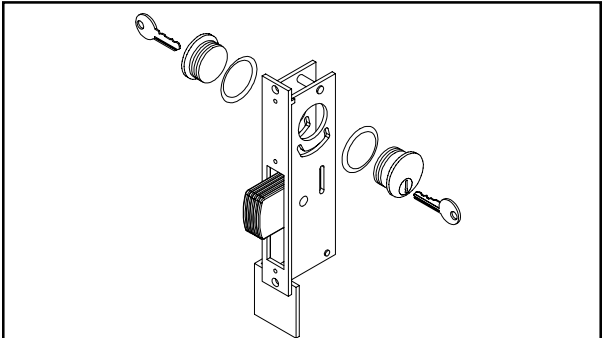

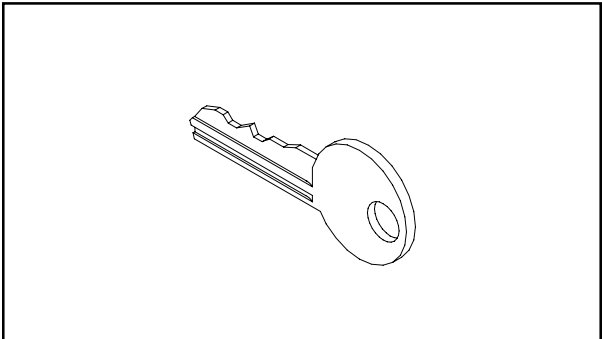

Miscellaneous Parts

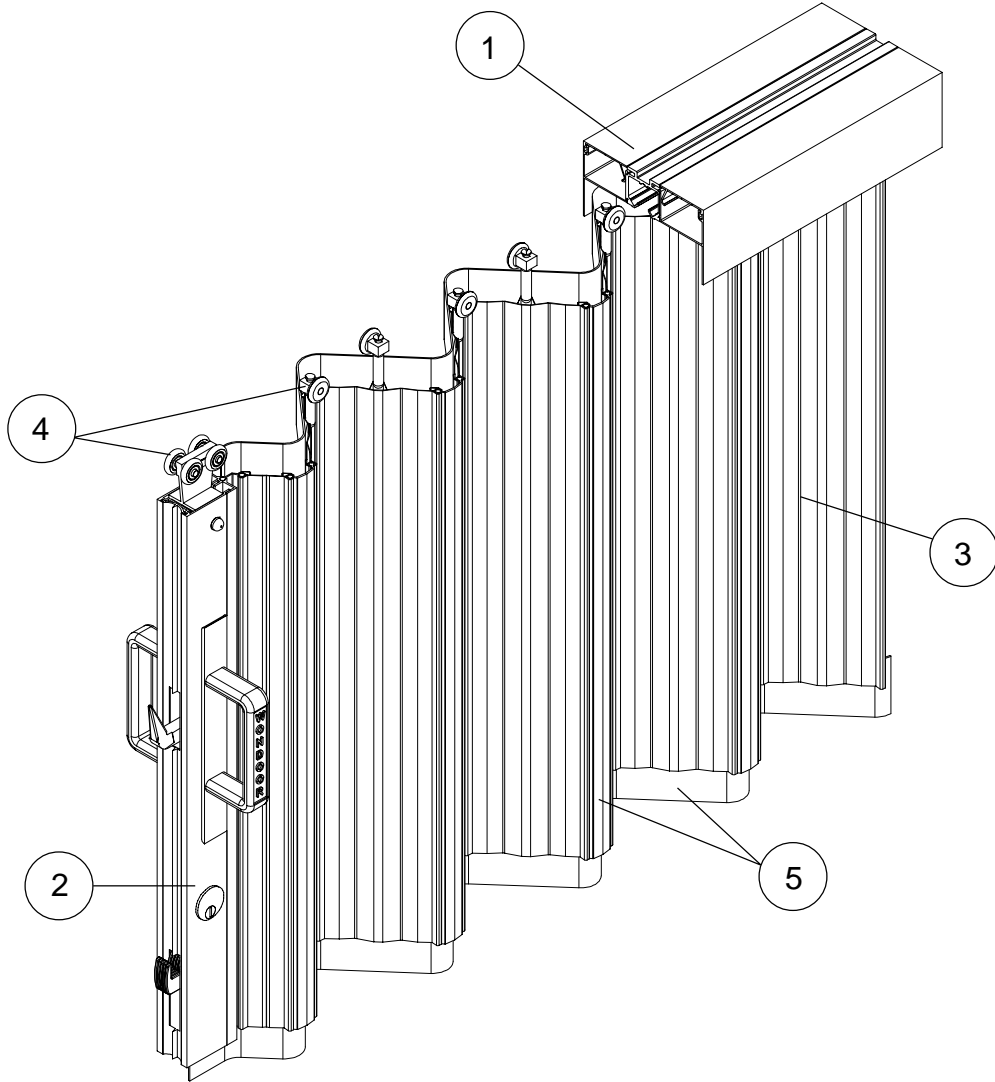

Tie Back	Description	Max. Lgth.	Catalog #
	<p>Used to secure folding door in the stacked position. Adjustable to maximum length listed. Nylon banding comes in black only. When ordering, specify length by catalog # and quantity.</p>	<p>4 ft. 8 ft. 12 ft.</p>	<p>CN1034 CN1035 CN1036</p>
Pendant Pull Assembly	Description	Length	Catalog #
	<p>Assembly includes (2) pendant pulls and all necessary installation hardware. Pendant pulls may be installed on very tall, manually operated folding partitions to assist operation. When ordering, specify catalog # and length of leadpost (see pg. 22).</p>	<p>Specify</p>	<p>CN1033</p>
Handle Assembly for Male Leadpost	Description	Catalog #	
	<p>Assembly includes (2) handles, (2) slide plates and covers, latch mechanism, and all necessary mounting hardware. Handles and slide plate covers have black finish. When ordering, specify catalog # and quantity.</p>	<p>CN1089</p>	
Handle Assembly for Female Leadpost	Description	Catalog #	
	<p>Assembly includes (2) handles, (2) slide plate covers and all necessary mounting hardware. Handles and covers have black finish. When ordering, specify catalog # and quantity.</p>	<p>CN1042</p>	

Miscellaneous Parts

Strike Plate Assembly	Description	Catalog #
	<p>Assembly includes latch plate, latch retainer clip, and all necessary fasteners. When ordering, specify catalog # and quantity.</p>	<p>CN1027</p>
Lock Assembly	Description	Catalog #
	<p>Assembly includes lock mechanism, (2) cylinders, (2) beauty rings, (2) keys and all necessary mounting hardware. When ordering, specify catalog # and quantity.</p>	<p>CN1090</p>
Extra Key	Description	Catalog #
	<p>Extra key fits all Won-Door lock cylinders. When ordering, specify catalog # and quantity.</p>	<p>CN1023</p>

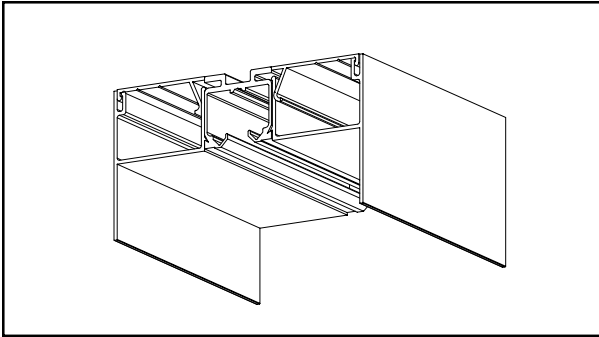

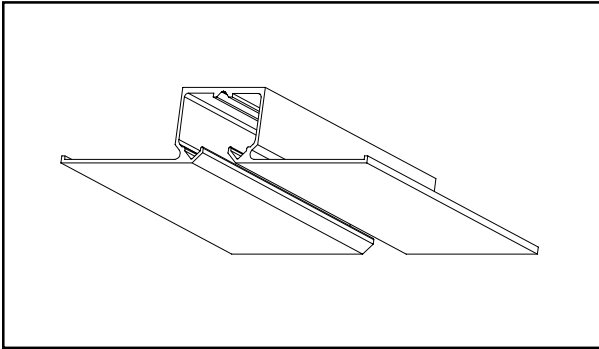

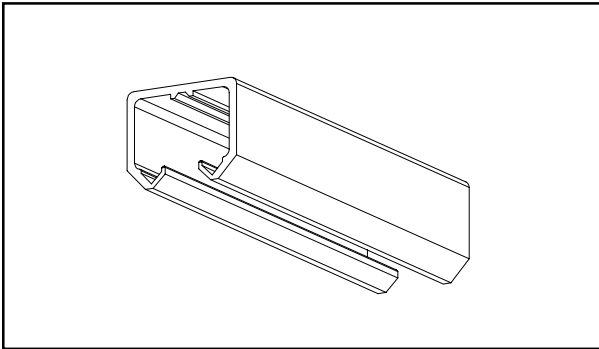

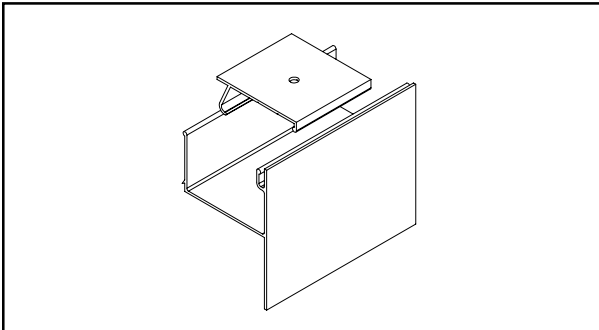

DURAFLEX PARTS INDEX

	DESCRIPTION	PAGE #
1	Track and Soffit Assemblies	13
2	Leadpost Assemblies	14
3	Panel Sections	15
4	Trolley Assemblies	16-17
5	Miscellaneous Parts	17-19

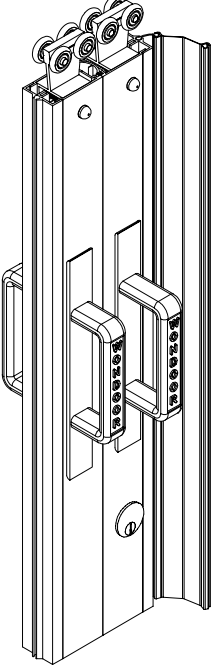

Track and Soffit Assemblies

T-09 Track Assembly	Description	Length	Catalog #	
	Assembly includes white painted aluminum track, (2) lengths of white PVC soffit, and all necessary mounting brackets and fasteners. When ordering, specify catalog # and quantity.	7.5 ft.	CN1000	
		15 ft.	CN1001	
T-11 Track	Description	Length	Catalog #	
	White painted aluminum T-11 track includes all necessary fasteners. When ordering, specify catalog # and quantity.	7.5 ft.	CN1004	
		15 ft.	CN1005	
T-01 Track	Description	Length	Catalog #	
	Clear anodized aluminum T-01 track includes all necessary fasteners. When ordering, specify catalog # and quantity.	7.5 ft.	CN1002	
		15 ft.	CN1003	
PVC Soffit for T-09 Track	Description	Length	Catalog #	
	Includes (2) lengths of PVC soffit, mounting brackets and fasteners. Soffit snaps-on to mounting brackets. Soffit may be ordered in brown or white. Specify color, catalog # and quantity when ordering.	Brown	7.5 ft.	CN1093
		Brown	15 ft.	CN1052
		White	7.5 ft.	CN1061
		White	15 ft.	CN1053

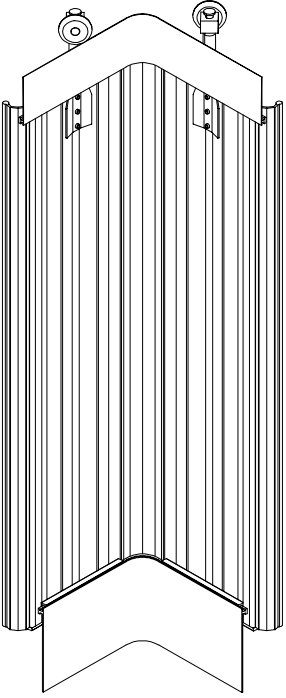

Leadpost Assemblies

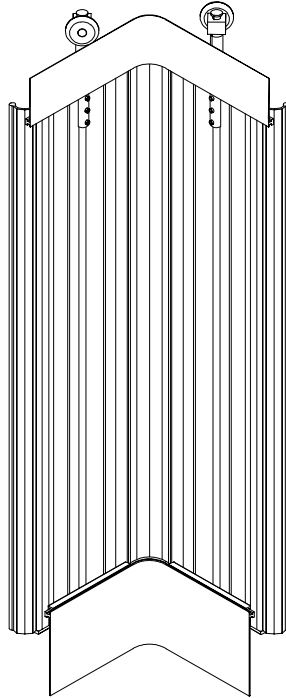

Single Parting Leadpost Assembly	Description	Height	Catalog #
	<p>Assembly includes leadpost, 4-wheel trolley (shown), latch, lock, handles, top and bottom sweep, 1/2 panel, and wall-mounted striker post. When ordering, specify catalog #, panel & hinge color, and height (see pg. 22).</p> <p>Note: CN1037 leadpost assembly is used on manually operated, single parting partitions < 13 ft. high.</p>	Specify	CN1037
	<p>Assembly includes leadpost, 6-wheel trolley (not shown), latch, lock, handles, top and bottom sweep, 1/2 panel, and wall-mounted striker post. When ordering, specify catalog #, panel & hinge color, and height (see pg. 22).</p> <p>Note: CN1038 leadpost assembly is used on manually operated, single parting partitions > 13 ft. high.</p>	Specify	CN1038

Bi-parting Leadpost Assembly	Description	Height	Catalog #
	<p>Assembly includes a pair of latching lead posts, latch, 4-wheel trolleys (shown), lock, handles, 1/2 panels, and top and bottom sweep. When ordering, specify catalog #, panel & hinge color, and height (see pg. 22).</p> <p>Note: CN1039 leadpost assembly is used on manually operated, bi-parting partitions less than 13 ft. high.</p>	Specify	CN1039
	<p>Assembly includes a pair of latching leadposts, 6-wheel trolley (not shown), latch, lock, handles, 1/2 panels, and top and bottom sweep. When ordering, specify catalog #, panel & hinge color, and height (see pg. 22).</p> <p>Note: CN1040 leadpost assembly is used on manually operated, bi-parting partitions over 13 ft. high.</p>	Specify	CN1040

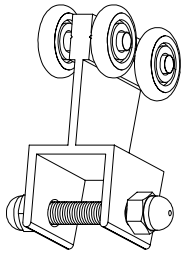

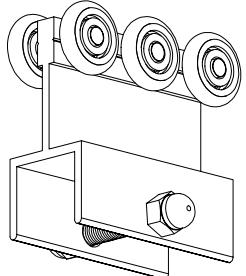

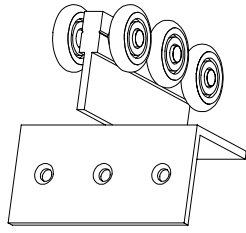

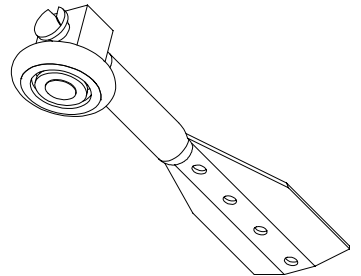

Panel Sections

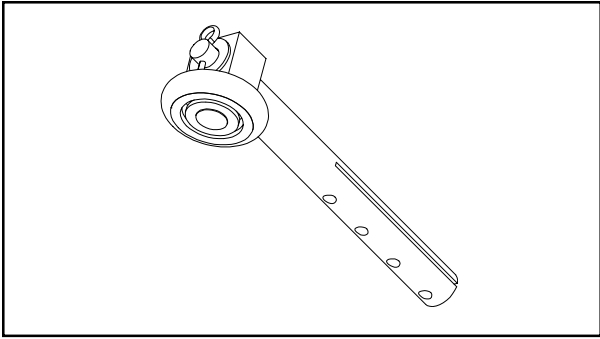

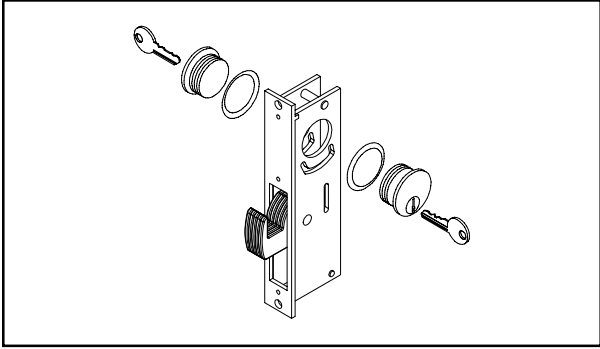

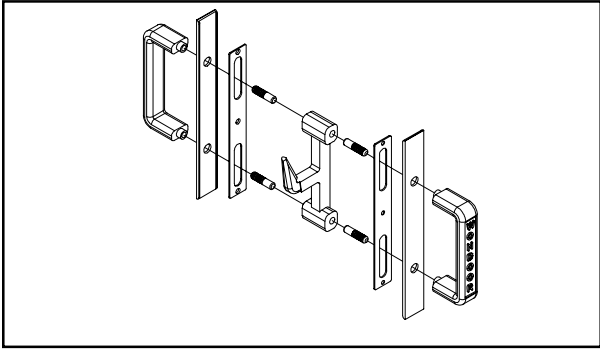

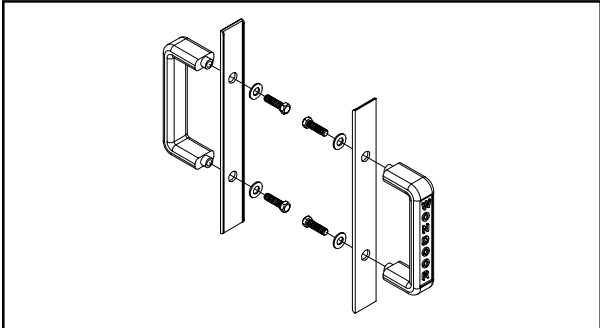

Panel Section w/ Stamped Pin Trolleys	Description	Height	Catalog #
	<p>Panel sections are manufactured in <i>pairs</i> of panels (as shown) up to 9 pairs (or 18 panels) in a section. Sections are shipped completely assembled and ready to install with panels, hinges, top and bottom sweep, and trolleys. When ordering, specify catalog #, panel color, hinge color, number of panel pairs (up to 9 pairs), and panel height (see pg. 22).</p>	Specify	CN1081

Panel Section w/ Machined Pin Trolleys	Description	Height	Catalog #
	<p>Panel sections are manufactured in <i>pairs</i> of panels (as shown) up to 9 pairs (or 18 panels) in a section. Sections are shipped completely assembled and ready to install with panels, hinges, top and bottom sweep, trolleys and fiberglass insulation. When ordering, specify catalog #, panel color, hinge color, number of panel pairs (up to 9 pairs), and panel height (see pg. 22).</p>	Specify	CN1083

Trolley Assemblies

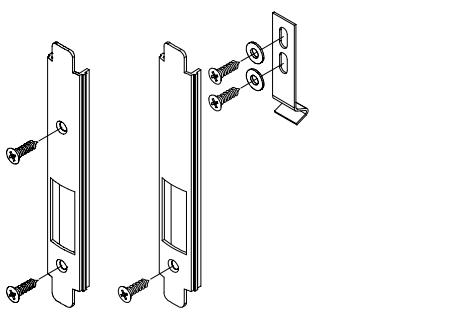

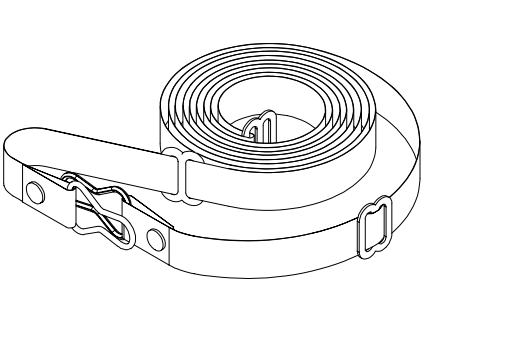

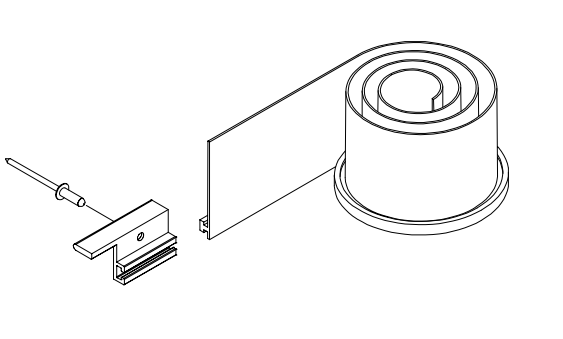

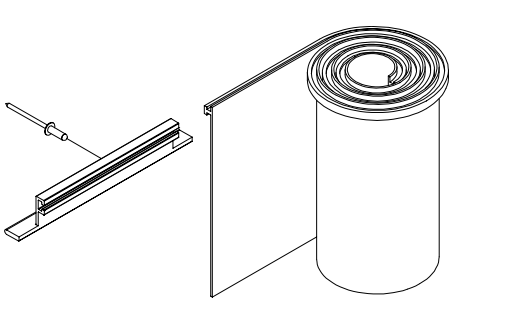

4-Wheel Leadpost Trolley	Description	Catalog #
 <p>A technical drawing of a 4-wheel leadpost trolley. It features a rectangular metal base with a threaded leadpost on the left side. Four wheels are mounted on a horizontal bar above the base.</p>	<p>Assembly includes mounting hardware. When ordering, specify catalog # and quantity.</p> <p>Note: trolley CN1016 is used on partitions < 13' in height.</p>	<p>CN1016</p>
6-Wheel Leadpost Trolley	Description	Catalog #
 <p>A technical drawing of a 6-wheel leadpost trolley. It has a rectangular metal base with a threaded leadpost on the left. Six wheels are mounted on a horizontal bar above the base.</p>	<p>Assembly includes mounting hardware. When ordering, specify catalog #</p> <p>Note: trolley CN1017 is used on partitions > 13' in height.</p>	<p>CN1017</p>
Sliding Jamb Trolley	Description	Catalog #
 <p>A technical drawing of a sliding jamb trolley. It consists of a rectangular metal plate with three circular holes. A horizontal bar with four wheels is attached to the top of the plate.</p>	<p>Assembly includes mounting hardware. When ordering, specify catalog # and quantity.</p>	<p>CN1029</p>
Panel Trolleys w/ Stamped Pin	Description	Catalog #
 <p>A technical drawing of a panel trolley with a stamped pin. It features a circular wheel at the top, a vertical stem, and a long, angled stamped metal pin at the bottom.</p>	<p>Each assembly includes mounting fasteners. Pin is black. Packaged in bags of (5) trolleys. When ordering, specify catalog #, panel color*, and quantity.</p> <p>*Note: mounting fasteners are color matched to the partition color, therefore it is necessary to specify partition color.</p>	<p>CN1085</p>

Trolley Assemblies, Miscellaneous Parts

Panel Trolleys w/ Machined Pin	Description	Pin Color	Catalog #
	<p>Each assembly includes mounting fasteners. Specify catalog #, pin color, panel color, and quantity when ordering.</p>	<p>Almond Black</p>	<p>CN1086 CN1087</p>
Lock Assembly	Description	Catalog #	
	<p>Assembly includes lock mechanism, (2) cylinders, (2) beauty rings, (2) keys and all necessary mounting hardware. When ordering, specify catalog # and quantity.</p> <p>Extra keys fits all Won-Door lock cylinders and may be ordered separately. When ordering, specify catalog # and quantity.</p>	<p>CN1088 CN1023</p>	
Handle Assembly for Male Leadpost	Description	Catalog #	
	<p>Assembly includes (2) handles, (2) slide plates and covers, latch mechanism, and all necessary mounting hardware. Handles and slide plate covers have black finish. When ordering, specify catalog # and quantity.</p>	<p>CN1054</p>	
Handle Assembly for Female Leadpost	Description	Catalog #	
	<p>Assembly includes (2) handles, (2) slide plate covers and all necessary mounting hardware. Handles and covers have black finish. When ordering, specify catalog # and quantity.</p>	<p>CN1042</p>	

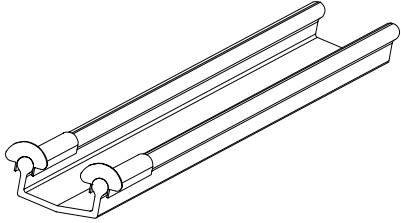

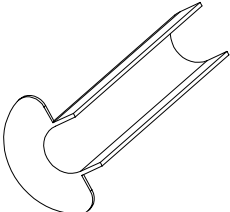

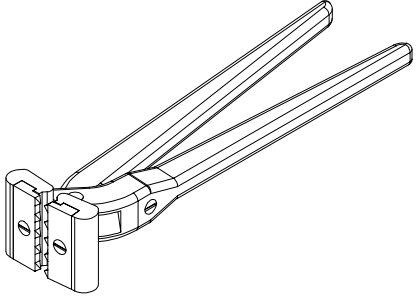

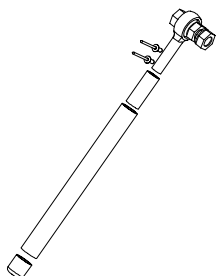

Miscellaneous Parts

Strike Plate Assembly	Description	Catalog #
	<p>Assembly includes latch plate, lock plate, latch retainer clip, and all necessary fasteners. When ordering, specify catalog # and quantity.</p>	<p>CN1032</p>
Tie Back	Description	Max. Lgth. Catalog #
	<p>Used to secure folding door in the stacked position. Adjustable to maximum length listed. Nylon banding comes in black only. When ordering, specify length by catalog # and quantity.</p>	<p>4 ft. CN1034 8 ft. CN1035 12 ft. CN1036</p>
Top Sweep	Description	Length Catalog #
	<p>Roll of black PVC top sweep includes pre-installed mounting clips and pop rivets. When ordering, specify catalog #, panel color* and number of rolls.</p> <p>*Note: pop rivets are color matched to the panel color, therefore it is important to specify panel color.</p>	<p>50 ft. CN1024 100 ft. CN1025</p>
Bottom Sweep	Description	Length Catalog #
	<p>Roll of black PVC bottom sweep includes pre-installed mounting clips and pop rivets. When ordering, specify catalog #, panel color* and number of rolls.</p> <p>*Note: pop rivets are color matched to the panel color, therefore it is important to specify panel color.</p>	<p>50 ft. CN1026 100 ft. CN1028</p>

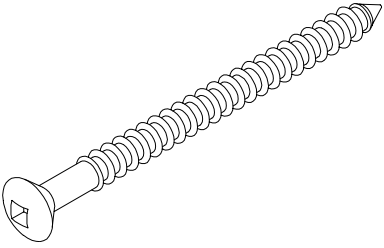

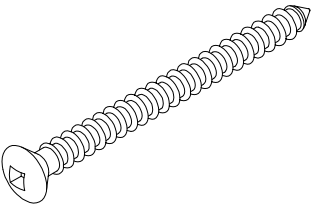

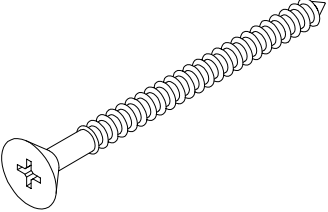

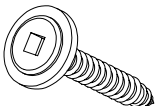

Miscellaneous Parts

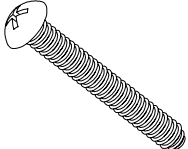

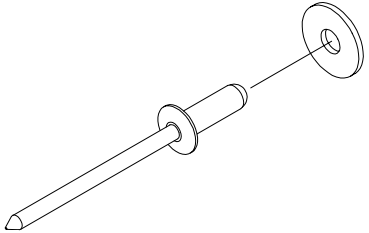

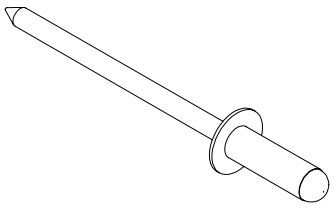

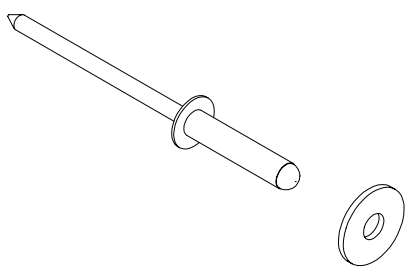

Full PVC Hinge	Description	Length	Catalog #
	<p>PVC hinge includes installation clips at top and bottom. When ordering, specify catalog #, quantity, length (see pg. 22), and color.</p>	Specify	CN1091
Hinge Installation Clip	Description	Catalog #	
	<p>Used to secure PVC hinges in place. Bag of (100) zinc plated clips. When ordering, specify catalog # and quantity of bags.</p> <p>Note: clips must be installed using hinge clip crimping tool (see part # CN1077 below).</p>	CN1075	
Hinge Clip Crimping Tool	Description	Catalog #	
	<p>Tool comes with a bag of (100) hinge installation clips. When ordering, specify catalog # and quantity.</p>	CN1077	
Pendant Pull Assembly	Description	Length	Catalog #
	<p>Assembly includes (2) pendant pulls and all necessary installation hardware. Pendant pulls may be installed on very tall, manually operated folding partitions to assist operation. When ordering, specify catalog # and length of leadpost (see pg. 22).</p>	Specify	CN1033

Fasteners

Track Screw for Tall Partitions (>14')	Description	Catalog #
	<p>#10 x 2 1/2" oval head, square drive*, zinc-plated screw. Packaged in bag of (25) screws. When ordering, specify catalog # and quantity.</p> <p>*Note: square drive screw driver required.</p>	CN1056
Track Screw Standard Size Partitions (<14')	Description	Catalog #
	<p>#8 x 2" oval head, square drive*, zinc-plated screw. Packaged in bag of (25) screws. When ordering, specify catalog # and quantity.</p> <p>*Note: square drive screw driver required.</p>	CN1055
Striker Screw	Description	Catalog #
	<p>#8 x 2 1/2" flat head, phillips drive*, black screw. Packaged in bag of (25) screws. When ordering, specify catalog # and quantity.</p> <p>*Note: phillips screw driver required.</p>	CN1059
Soffit Screw	Description	Catalog #
	<p>#8 x 1" waffle head, square drive*, black, Grabber screw. Packaged in bag of (25) screws. When ordering, specify catalog # and quantity.</p> <p>*Note: square drive screw driver required.</p>	CN1079

Fasteners

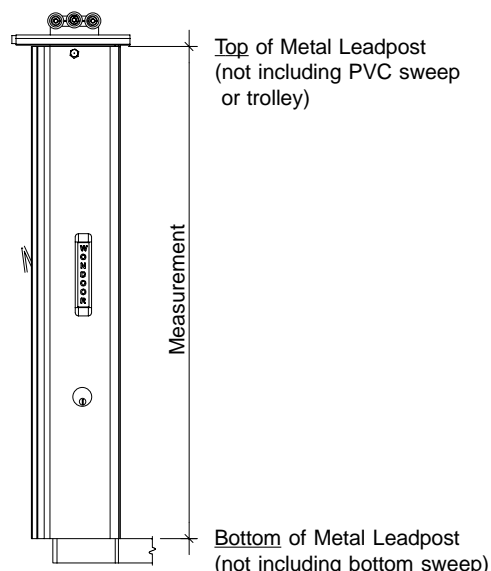

Jamb Screw	Description	Catalog #	
	<p>#8 x 1 1/4" pan head, phillips, black screw. Packaged in bag of (25) screws. When ordering, specify catalog # and quantity.</p> <p>*Note: phillips screw driver required.</p>	CN1080	
Black Pop Rivet	Description	Catalog #	
	<p>Black-colored pop rivet and washer used for attaching sweep joints. Packaged in bag of (100) rivets and washers. When ordering, specify catalog # and quantity of bags.</p>	CN1062	
Colored Pop Rivet	Description	Color	Catalog #
	<p>Colored pop rivet used for attaching sweep clips, and panel trolleys. Packaged in bag of (100). When ordering, specify catalog # and color to match partition color.</p>	<ul style="list-style-type: none"> Eggshell CN1066 Nile CN1067 Platinum CN1068 Colon. Blue CN1069 Rose CN1070 Brown CN1072 Raspberry CN1073 Oak CN1074 	
Zinc-plated Pop Rivet	Description	Catalog #	
	<p>Zin-plated pop rivet and washer used for attaching sash chain from panel to panel on the inside of extremely long and/or tall partitions. Packaged in bag of (100) rivets and washers. When ordering, specify catalog # and quantity of bags.</p>	CN1064	

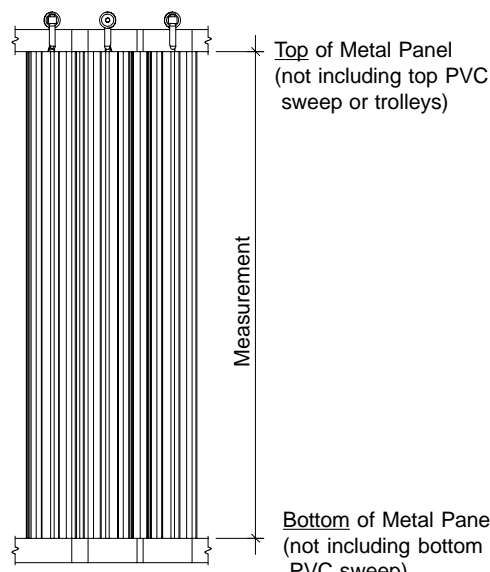

Measuring

How to Measure for Leadposts, Hinges, and Panel Sections

1. Leadpost Measurements:

<p>Leadpost heights are measured from the bottom to the top of the <i>metal portion</i> of the post (do <i>not</i> include top and bottom PVC sweeps, trolleys, or track in the measurement). Measure to the nearest 1/8". See the diagram to the right:</p>	 <p>Top of Metal Leadpost (not including PVC sweep or trolley)</p> <p>Measurement</p> <p>Bottom of Metal Leadpost (not including bottom sweep)</p>
--	---

2. Panel Section and Hinge Measurements:

<p>Panel section <i>and</i> hinge heights are measured from the bottom to the top of the <i>metal panel</i> (do <i>not</i> include top and bottom PVC sweeps, trolleys or track in the measurement). Measure to the nearest 1/8". See the diagram to the right:</p>	 <p>Top of Metal Panel (not including top PVC sweep or trolleys)</p> <p>Measurement</p> <p>Bottom of Metal Panel (not including bottom PVC sweep)</p>
---	---
